	0-10

This tiny map is the practice course for GNC '03.

It is the same scale and terrain as the competition maps, which are located on the other side of the lake. The competition maps are off limits until the actual event.

This area is located on the left as soon as you enter Sweetwater Creek State Park, before you cross the lake.

To get to the area from Meet HQ, go back to the highway, turn right, cross the lake twice, and turn right into the picnic area.

The controls for the practice event will be in place on Friday Jan 17th. The course will not be manned - you are on your own.

And yes, control #3 is on the "Red Clay Hill".

-Sam
